"How to be Alone reaffirms the novelist's prerogative to engage in social criticism. And Franzen's calm, passionate critical authority derives not from any special expertise in criminology, neurology or postal science, but rather from the fact that, as a novelist, he is principally concerned with the messy architecture of the self."

### How To Be Alone Jonathan

I am enjoying How To Be Alone by Jonathan Franzen very much. I feel it is unfortunate that he begins the book with an essay about his coping with his father's Alzheimer's Disease.
