How Wall Street Created A  
Wall Street is an eight-block-long  
street running roughly northwest to  
southeast from Broadway to South  
Street, at the East River, in the  
Financial District of Lower Manhattan  
in New York City. Over time, the term  
has become a metonym for the  
financial markets of the United States  
as a whole, the American financial  
services industry, or New York-based  
financial interests. Anchored by Wall  
Street, New York City has been called  
both the most economically powerful  
city and the leading ...
