Skinner is a creature of carefully shaped habit. At the age of 83, he has fashioned a schedule and environment for himself that is in perfect keeping with his theories...

Human Behaviour Mtu Question Paper

To write a truly great research paper you have to answer some questions to yourself. First one is: are you more interested in human behaviour when human is alone or in a big group? Group behaviour usually drastically differs from the individual one: psychologists and sociologists even have a separate branch of their subjects to describe it. Individual behaviour is less predictable and much harder to analyze and process, because every human is unique, but studying it is much more rewarding.
