The UK's first ICF accredited somatic coach training, The Somatic School helps coaches incorporate impactful somatic approaches for working with the body's intelligence both online and in-person.

Mental time travel - Wikipedia

This is what happens when you take an intelligent person, and casually make a few mentions of a field of study they have no knowledge of. Mr. Diamond, NOT an anthropologist, takes Marvin Harris' theory of cultural materialism and uses it to explain everything in life, history, and the current state of the world. Materialism is a way of looking at human culture which, for lack of a better way ...

Top 32 Best Anthropology Books Of All Time Review 2021 - PBC

First published in 1987 in Discover, "The Worst Mistake in the History of the Human Race" remains famous and is still a staple for anthropology courses. Writing with characteristic verve, Diamond's "Worst Mistake in the History of the Human Race" summarizes an impressive amount of material in just three pages.

Denis Diderot (Stanford Encyclopedia of Philosophy)

Humankind has struggled to make sense of human-upon-human violence. Edited by two of anthropology's most passionate voices on this subject, "Violence in War and Peace: An Anthology" is the only book

of its kind available: a single volume exploration of social, literary, and philosophical theories of violence.

Twitpic

Because of his public leadership of the philosophe party in eighteenth-century France, Voltaire stands today as the iconic example of the French Enlightenment philosopher. Denis Diderot (1713–1784) is often seen as Voltaire's second in that role since it was around both men that the Enlightenment philosophes rallied as a movement after 1750. The epochal project, which Diderot jointly ...

Proflee Berger

In psychology, mental time travel is the capacity to mentally reconstruct personal events from the past (episodic memory) as well as to imagine possible scenarios in the future (episodic foresight / episodic future thinking). The term was coined by Thomas Suddendorf and Michael Corballis, building on Endel Tulving's work on episodic memory (Tulving proposed the alternative term chronesthesia).
