Hot tub electrical installation guidelines | Outdoor Living

The reason to have an EICR. For most homeowners, we will live with any reoccurring faults in our wiring. If a switch doesn't work, we won't rush to fix it and if an outside light doesn't work, we won't hurry to get someone in to take a look at it, which means that faults can build up over time, or something more sinister could be lurking without you realising.

Campus Calendar | Kilgore College

To reduce the risk that you could accidentally cut or screw into an electrical cable there are cable safe zones for electrical wiring on areas of your walls and these are the areas where concealed cables should be run.
