McMaster-Carr
Works as expected. OTC is a very reputable tool company that I have other tools from. It got four stars just because of how expensive it was. I found after the fact a spreader that was over \$100 less (from East Coast Gear Supply I think) or if you felt like cheating you can weld you own from this design and return it.

Timken Bearing Damage Analysis with Lubrication Reference ...
The modern, self-aligning design of ball bearing is attributed to Sven Wingquist of the SKF ball-bearing manufacturer in 1907, when he was awarded Swedish patent No. 25406 on its design.. Henry Timken, a 19th-century visionary and innovator in carriage manufacturing, patented the tapered roller bearing in 1898.The following year he formed a company to produce his innovation.
