ROBERT D. SHELTON is the Leader of the Innovation Practice at a major  
global consulting firm. Through many years as an innovation  
consultant, his client list is a "who's who" of innovative companies  
including leaders in high tech, consumer goods and services, software,  
financial services, cleantech, aerospace, and healthcare industries.

Reconfiguring Global Health Innovation: 1st Edition ...  
Grossman and Helpman develop a unique approach in which innovation is  
viewed as a deliberate outgrowth of investments in industrial research  
by forward-looking, profit-seeking agents. Traditional growth theory  
emphasizes the incentives for capital accumulation rather than  
technological progress. Innovation is treated as an exogenous process  
or a by-product of investment in machinery and equipment.
