### International DT360 Engine Data Sheet - agkits.com

The Navistar DT engine family is a line of mid-range inline-6 diesel engines. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications such as school buses, although some versions have been developed for heavy-duty regional-haul and severe-service applications.

### Specifications of a International DT 466 Engine | It Still ...

In 1915 a new L-head water-cooled 201 cubic inches (3.3 L) inline-four engine appeared. While International's own engines underwent constant developments, the pace of truck production in the twenties was such that others' engines (from Waukesha, Buda, and Lycoming for instance) had to be installed in some parts of the range.
