IH MV446 Gas motor

The International Harvester Company (IHC) has been building its own proprietary truck engines since the introduction of their first truck in 1907. International tended to use proprietary diesel engines. In the 1970s, IHC built the DVT 573 V-8 diesel of 240 and 260 hp (179 and 194 kW) but these were not highly regarded and relatively few were sold.

The governed engine speed is approximately 2,500 rpm. With horsepower ratings ranging from 170 hp (130 kW) to 350 hp (260 kW), the Navistar DT engines are used primarily in medium-duty truck and bus applications, although prior to 1986 Navistar International, then known as International, the DT engine was used in farm and construction equipment.

International S series (bus chassis) - Wikipedia

The downside to any of the gas engines is IHC hasn't made any in more than 20 years. IHC supports all of their products very well. However,

Access Free International Mv 446 Engine Manual

some parts and pieces for specific engine that were made more than 20 years ago are becoming scarce.

Crankshafts come to mind immediately. The MV404/446 were very strong engines.

International MF404, MV446 Intake Valve

Dad retired after 40 + yrs as a diesel mechanic for R.F. Stieners in Huntington, He always told me that the International called it 444, and ford called it 7.3 big difference was the sensors, it just depended on what body the engine was in as to where you bought parts / sensors.
