The John Fiske Collection: Introduction to Communication ...

This is an excellent introduction to the study of communication. Fiske uses plain language and simple examples to describe semiotics in an interesting and accessible way. He makes it clear that we are all products of our social and cultural environment, that the assumptions we live with about the world don't naturally occur but are the result of a complex process called signification.

INTRODUCTION TO COMMUNICATION STUDIES

I read Fiske's Introduction into Communication Studies while attending a University survey course on Media Theory. The book is actually mostly an introduction into semiotics and Structuralism. Fiske's strength is his ability to explain quite complex theories in a readable way.

An Introduction to Communication Studies - Sheila ...

INTRODUCTION TO COMMUNICATION STUDIES. 40 Semiotics At the centre of this concern is the sign. The study of signs and the way they work is called semiotics or semiology, and this will provide the alternative focus in this book. Semiotics, as we will call it, has three main areas of study: 1. The sign itself.

Introduction to Communication Studies by John Fiske

As a student of communication, you will learn that there is much more to the field than public speaking, even though the origins of communication studies are traced back thousands of years to ancient Greek philosophers and teachers like Plato and Aristotle who were the first to systematically study and write about speech.
