720x1280 Wallpapers HD - Fone Walls

ello, My friend and I are debating if there are any difference from playing 1080p content vs 720p content. I'm saying that you won't see any difference due to the resolution but my friend insists on saying that it will be better quality since bigger resolution on the file will downscale better than 720p. Am I totally wrong in being really persistent that it's not any difference?
