iPhone 3g White Screen Solution

Try this solution... Press and hold the home button, then the up-volume button, then the sleep/power button (so all three buttons are now pressed and held) --- it takes a while, but the white screen will go away and then after another 10 seconds or so (still holding btw!) the apple logo will come up, release the buttons and then wait. It'll boot normally again in a minute or two.

iPhone 3G | Apple Wiki | Fandom

I also have an iPhone 4, iOS 7, on which I have erased all data. If I connect that to iTunes and select File > Devices > Restore from Backup, and then choose the iPhone 3G's backup, iTunes goes through the process of restoring that backup to the iPhone 4. Once that completes the iPhone 4 displays the white 'Hello' screen.
