The book starts out with a struggling company trying to get a handle on their business and understand their problems. Isn't it Obvious: Retailing and the Theory of Constraints ...

Isn't It Obvious?: A Business Novel on Retailing Using the ...

Isn't It Obvious is another good Novel by Goldratt. This book applies The Theory of Constraints to retail management, warehousing, and supply chain efficiencies. The interactions between the father and daughter in this novel reminded me of the interactions between Goldratt and his daughter in their book called The Choice.

Isn't It Obvious? by Eliyahu M. Goldratt - Goodreads

A breakthrough solution is exposed when some unexpected events force Caroline and Paul, a married couple working for their family's retail business, to make a few small changes in the way things are done. A solution that propels the family's regional chain of stores into a very profitable, rapidly growing, international enterprise. If there is a hint of Jonah, from The Goal, reappearing in ...
