modern intellectual history. He began his career as a classical philologist before turning to philosophy.

Spirituality - Wikipedia

In this chapter we present a review of some of the main threads of research on the role played by emotion and affect in organizations. In this respect, we refute the notion that organizations are totally rational, where the role of emotion is something that can be discounted or 'managed' out of existence.

" Critical discourse analysis (CDA) is committed to showing how talk and texts serve the interests of those with power in a society. From its initially European linguistic roots, CDA has become an influential international, interdisciplinary tradition. This chapter sketches CDA's background including its theoretical roots and key scholars.
