The orientation and adjustment center is a residential training program for blind adults. Blind persons, especially newly blinded individuals, come to learn the techniques and skills of blindness, and, more importantly to develop positive attitudes about themselves as human beings who happen to be blind.

This is the thirteenth installment of the Organic 101 series that explores different aspects of the USDA organic regulations. The use of genetic engineering, or genetically modified organisms (GMOs), is prohibited in organic products. This means an organic farmer can't plant GMO seeds, an organic cow can't eat GMO alfalfa or corn, and an organic soup producer can't use any GMO ingredients.
