LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

econometric methods, although we acknowledge at the
outset that it is impossible to overview all available
econometric methods in one chapter. Volumes have been
written on the subject. We have therefore elected to
present an overview of those econometric methods and
models that we believe to be most useful to an applied
economist. Further,

Econometric Methods, Fourth Edition

A complete reading of this book would give you a very
strong knowledge of Modern Econometrics: you can
learn what an applied macro or microeconomist would
need and use. This is really a great "jump" from the last
edition of Econometric Methods by J. Johnston
(1984)(the one I use when I was an undergraduated
student).
