I'm a new SAT tutor and am working on creating worksheets for my students. I picked up the "Kaplan Math Workbook for the New SAT" at my local library and cracked it open today to find some sample questions about percentages.... but literally the very first question I read through seems incorrect.

Kaplan Books Online | Kaplan Test Prep

In general, this book satisfies its purpose as being a math workbook, not lesson book, which provides a large number of SAT-like math questions, partitioned into categories. The book does not teach concepts like the Barron's book, but through doing the questions and reading the explanations you can extract the concepts and the train of thought.
