Kenwood AT-250 External Auto Tuner ATU

Got a used AT 250 w/out cables. Finally saw this suggestion to ground pin 3. Great idea. Actually had little troubles as in reading the Manual I was led to think that pin 3 was at 3 o'clock and instead it is at 9 o'clock (looking at the rear panel). Now is working side by side my old Kenwood 680. Thanks.
