(PDF) The Kolb Learning Style Inventory 4.0: Guide to ...

Based on over 40 years of research from David Kolb, Ph.D., the learning style inventory describes the way you learn and how you deal with day-to-day situations. Learning can be described as a cycle made up of four basic processes. The LSI takes you through those processes to give you a better understanding of how you learn with implications for:

Kolb Learning Style Inventory version 3.1- The paper-based ...

David Kolb published his learning styles model in 1984 from which he developed his learning style inventory. Kolb's experiential learning theory works on two levels: a four-stage cycle of learning and four separate learning styles. Much of Kolb's theory is concerned with the learner's internal cognitive processes.
