*I'm having trouble searching for the differences between the KTM 620 rxc/e and the 640 lc4. I'm in the market for a dual sport and have limited funds. (around \$3k) I have a line on a 1998 620 rxc/e but can't seem to find much info on it. I assume the /e means it has electric start?? Do the larger fuel tanks designed for the LC4 fit this bike?*
