From Paper to Landmark

Paper: For each sub-topic, a professional medical librarian first performed a comprehensive search using the Web of Science Database, limited to primary literature. Reviews, editorials, and commentary were excluded. Next, the titles were scanned and studies unrelated to acute care surgery were eliminated.

Landmark Papers in General Surgery - Google Books
The book is divided into chapters covering general surgery, trauma and the main subspecialties. Naturally not all points will be covered by the summary of the paper provided, but the interested reader can then read the full paper to get these aspects. I feel this book maintains a good balance between summary and salient points.
