Although much larger than the latest mini PCs, they are a lot more compact than they used to be a few years ago. The main benefit of a full-size tower PC is that you can fit much more powerful components inside than you can in a mini-PC, all-in-one or laptop. The extra space a tower PC gives you the opportunity to customise and upgrade much more easily. If you need a high-performance PC for gaming, media editing, music production or design, a tower PC is a great choice.
