wide range of industries, including pharmaceutical, chemical, and food.

Lc Solutions Shimadzu LC and GC Systems Can Be Controlled from the Same Software. With LabSolutions, both LC and GC systems are operated from the same software, enabling simultaneous control of multiple instruments from a single PC. The LC and GC instruments connected can be used in a flexible manner by switching between them.

LabSolutions LCGC - Shimadzu File Based LC/GC Control and Analysis Software.

File Type PDF Lc Solutions Shimadzu

LabSolutions LC/GC is a consolidation of the conventional LCsolution and GCsolution software packages. Designed to improve software operation, it enables simultaneous control and analysis of LC/GC systems and data for a more userfriendly environment.

Environmental Solutions
Shimadzu High Performance Liquid Chromatography (HPLC)
High performance liquid chromatography is used for separating and analyzing organics in a mixture. It has an advantage over gas chromatography methods because you can run compounds in water samples with very little sample preparation.
