Recently (the last 60 years or so) in the academic field and journals there has been some development within the field of political and biological behaviour. In his College de France lecture course of January 1978 Foucault use the term Biopolitics (not for the first time) to denote politic power over every aspect of human life. Why did Foucault use the term Biopolitics in the first place? First of all the term Biopolitics has many different meanings to many different people and to fully ...
