Leica M4-2 Review: The best value in 35mm film photography.

LEICA MANUAL Portrait by Benjamin Thompson / Melbourne, 2014. When I first started street photography, I used a bulky DSLR (Canon 5D). I always thought that buying a Leica, I would become a much better street photographer. I fantasized about the look of the camera, the lightness and compactness of the camera, and the ease of use.

The Leica M4 - 35mmc

Leica makes haste slowly. The M4-P's .72 magnification six brightline finder remains the standard Leica M6 finder to this day. Some veteran Leica lovers believe the M4-P to be made to a generally higher standard than the M4-2 before it, others argue the point. The great majority of M4-P's are black chrome, they were not made in black paint.
