LESSON PROCEDURE: 1. Discuss the importance of the cover letter/letter of introduction. It is usually the first piece of an application that is read. As the commercial says, “You never get a second chance to make a first impression.” 2. Hand out copies of the Cover Letter Guide. Walk students through the important parts of a business letter

Excel for the Real World: Gain the Basic Skills of ...

In Access, rows and columns are referred to as records and fields.A field is more than just a column; it's a way of organizing information by the type of data it is. Every piece of information within a field is of the same type.For example, every entry in a field called First Name would be a name, and every entry in field called Street Address would be an address.
