### Shop - HighScope

At HighScope, we know that a high-quality education begins with knowing our students. That's why we focus on creating strong instructional leaders around the world who can identify where individual students are on the trajectory and respond to their needs and interests in "real time."

### HighScope Letter Links

Match letter links. Make a set of letter link cards (nametags with letter-linked pictures) that will allow children to play a letter link memory game at transition times. Duplicate all of the cards in the same size, with two for each child. Cover the cards with clear contact paper for durability.

### HighScope Letter Links

The Letter Links system enables you to introduce your students to letter names and sounds by building on children's natural attachment to their own names. As children use letter links to identify themselves and their classmates, they begin to develop an understanding of the alphabetic principle — the understanding that alphabet letters and the sounds of speech are connected.

### Our Reach - HighScope

The letter links name learning system pairs a child's printed nametag with a letter-linked picture for a word that starts with the same letter and sound. For example, Debbie's letter link might consist of her nametag plus a picture of a duck or a deer, and Teodoro's might include his nametag plus a picture of a tepee or a turtle.

### **HighScope Letter Links**

Letter Links is a literacy learning tool that builds on children's natural interest in reading and writing their own names. Each child's name is paired with an image for a word that has the same first sound as his or her name – the name and image together are called a letter link.
