own scene and automatically plot the shadow results.

Light In The Shadows Find

Light in the Shadows is by far even better than the first book in the series. It's brilliant and perfect all rolled into one and I couldn't get enough of this heartbreaking story! This sequel rocked me to my core because there is something about Clay that breaks my heart but this book isn't all doom and gloom, there are shreds of hope that moved me to pieces.

Shadows. Shadows are made by blocking light. Light rays travel from a source in straight lines. If an opaque (solid) object gets in the way, it stops light rays from traveling through it. This results in an area of darkness appearing behind the object. The dark area is called a shadow. The size and shape of a shadow depend on...
