LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

Linksys 16-Port Business Desktop Gigabit PoE+ Switch (LGS116P)

I stayed on the phone about 5 hours with support trying to set up a Linksys WRT110 router and SR216 switch. The router works great, but every time we connected the switch, the internet would quit working. I have a 2wire modem from att/sbcglobal. ATT support had me go in to the modem and bridge it. T...
