Linux Linux For Beginners Guide

Linux. It's been around since the mid '90s, and has since reached a user-base that spans industries and continents. For those in the know, you understand that Linux is actually everywhere. It's in your phones, in your cars, in your refrigerators, your Roku devices. It runs most of the Internet, the supercomputers making scientific breakthroughs, [...]

The Complete Beginner's Guide to Linux - Linux.com

In this beginner's guide, I'll show you what is Wine and how to use it to run Windows software on Linux. I have used Ubuntu here as Ubuntu is one of the best Linux distros for beginners, but any other Linux distribution will have more or less same steps (except for the commands in Arch or Fedora based distros).
