User Manual for Models - Nature's Miracle

Littermaid automatic cat litter trays take the mess out of cleaning up after your cat. An automatic rake moves across the litter tray 10 minutes after the cat is detected leaving, sweeping away any droppings into a receptacle. Littermaid trays have a hidden reset button inside the mechanism which helps restart the motor if it stops working.

Littermaid LM980 Manuals

And you can help the rake lift up by slowly pushing on it with something, giving it more strength. I had this problem

Read PDF Littermaid Instructions User Guide

and found that if I "helped" the rake return to its normal position, it would work most of the time, and then need "help" every once in awhile. I actually gave up on littermaid type boxes...they just don't work very well.
