(2015). Living with Herds: Human-Animal Coexistence in Mongolia. The Asia Pacific Journal of Anthropology: Vol. 16, No. 1, pp. 88-90.

Living With Herds Human Animal

After living with Mongolian herding families, Dr Fijn has observed through firsthand experience both sides of the human-animal relationship. Examining their reciprocal social behaviour and communication with one another, she demonstrates how herd animals influence Mongolian herders' lives and how the animals themselves are active partners in the domestication process.

Living with herds: Human-Animal coexistence in Mongolia ...

This book, having 10 chapters divided into 3 sections, examines the process of animal domestication by studying the associations between biological and social anthropology, ethology and ethnography. The social behaviour of humans and animals in a contemporary Mongolian herding society is also examined. This book demonstrates how herd animals influence the Mongolian herders and how the animals...

What Animals Live in Groups? - WorldAtlas

PERSONAL HERD - A Personal Herd, also referred to as a Home Herd, consists of between two and ten heifers maintained in a "home setting" rather than on a small or diary farm. [NOTE: An Owner can maintain one heifer as a cow slave but, in that the definition of a herd is a plural amount of livestock, one cow slave is usual a household slavegirl or maid that is kept in milk for the exclusive ...
