Disassembling the Logitech x-230
I found out that these Logitech X220 Speakers are the best and at a low price indeed. I compared them to other 2.1 speaker system with the same amount range. This is the most superb among all the 2.1 speaker with its co-same level of price.Its bass is excellent..and its satellites are well equipped... Thanks logitech for making good speakers!..

Hi--New to the forum. Just purchased an X1 Carbon and with it a new bluetooth Lenovo Mouse (A-something series; it's black). This all occurred over the past month, so I know that my drivers are up-to-date (or at least I think they are). However, my mouse keeps disconnecting. The green light goes off ...

Hello, According to the X220's hardware maintenance manual, the ThinkPad X220 contains a Bluetooth Daughter Card BDC-2.1, with FRU# (part#) of 60Y3271 or 60Y3275.Searching on those FRU numbers reveals this page on the independent ThinkWiki site which says those cards are Bluetooth 3.0. It also mentions that the part is likely to be swappable with a new Bluetooth 4.0 BDC card.

Creative and logitech have been long rivals for there awsome sound systems. When I purshased my Logitech's at best buy I had a hard time choosing between the logitech x-220 and the Creative T2900. The logitech I personally thought were much more appealing and stylish. The sub on the logitech's have 20.4 watts as the creative T2900's only have 17.
