Deep Well Potable Water Pump

I just hooked up a EZ well water pump in my well today. My well is 250 ft deep with a water level of about 40ft below ground. I put the pump in at about 80 ft deep. It is all PVC except the foot valve. It took us about 60 mins to install and start pumping water. The 100ft pump kit cost me just \$169 including shipping!!! Reply
