Robert Greene's Mastery explores the lives of many historical Masters (Mozart, Da Vinci, Proust, etc.) and explains how their Mastery is attainable for everyone. By ignoring societal constraints and complications, following our own interests, serving time in an apprenticeship phase, and staying committed to our craft, Greene believes that everyone can become a Master and make lasting contributions to society.

**Mastery (book) - Wikipedia**  
Success attained without this intelligence is not true mastery, and will not last." Greene breaks this into two kinds of knowledge: specific knowledge of human nature — the ability to read people, to get a feel for how they see the world, and to understand their individuality, and the general knowledge of human nature, which means accumulating an understanding of the overall patterns of human behavior that transcend us as individuals, including some of the darker qualities we often ...
