**Medieval Women - History Learning Site**  
Women in the Middle ages were treated as the second class members within their social class. They were taught to be obedient to their husbands and were expected to run the household and raise children. Their role in the society, however, was much more complex, while some medieval women achieved a high level of equality with men.

**Medieval Women: Social History Of Women In England 450 ...**  
Middle Ages, the period in European history from the collapse of Roman civilization in the 5th century CE to the dawn of the Renaissance (variously interpreted as beginning in the 13th, 14th, or 15th century, depending on the region of Europe and other factors).

**Women in the Middle Ages - Wikipedia**  
Medieval society would have been very traditional. Women had little or no role to play within the country at large. Within towns, society would have effectively dictated what jobs a woman could do and her role in a medieval village would have been to support her husband.

**Medieval and Renaissance History**  
Medieval Women includes 100 colour illustrations from the British Library's extensive medieval manuscript collection, and gives detailed explanations of the depictions of the women in the images.
