Ticking 3.0L Mercruiser TKS I had the same issue with my 3.0 TKS when it was new last summer. I have a Bayliner 175, and i was really surprised to hear such a loud--sounded like a valve tick--on the maiden voyage. Since the boat was under warranty, I took it back to the dealer and they serviced the engine.

chevy 454 knocking noise

After about 30 seconds of idling a loud knocking noise started. Shut her down, checked around the back of the engine thinking that the gear shift cable must be snagging on something but

was all fine. The noise seems to be coming from the port side of the engine towards the transom. Best way I can describe it is a loud metallic knock.

Based on the same 454-cubic-inch big block Chevy, General Motor's Marine Engine division set up the motor specifically for use in boats. Because General Motors was not a boat maker, but a motor and automobile maker, their marine engines division often sold parts to companies specializing in setting up marine

engines such such as Mercruiser.
