Microserfs by Douglas Coupland |  
The Canadian Book Review. As I  
was reading this, 16 years after it  
came out, I was amazed at how well  
Coupland captured the 90s and the  
beginning of the technological age.  
In certain parts it was almost as if  
Coupland had somehow peeked  
into the future before he wrote  
Microserfs.
