If you are looking for Indie books, Bibliotastic provides you just that for free. This platform is for Indie authors and they publish modern books. Though they are not so known publicly, the books range from romance, historical or mystery to science fiction that can be of your interest. The books are available to read online for free, however, you need to create an account with Bibliotastic in order to download a book. The site they say will be closed by the end of June 2016, so grab your favorite books as soon as possible.

While the Xbox 360 controller was a piece of work and was a great design and worked as intended with minimal wear and tear after several years of use, the Xbox One controller on the other hand is a different story. While the Controller shell itself seems thicker and more durable than the Xbox 360, it lacks in longevity.
