Okay! So, I've had my Z for almost a year now, and It is time to start upgrading! Now, it is important to me that I get all of my bases covered before I begin to go for power upgrades, so I have to make sure the engine can inhale and exhale properly, the car can walk, jog, run, pirouette and stop properly, and then I can address things like turbochargers and such.

Mikuni Solex 2 type N40 PHH Many 2000GTs have had replacements in the form of Type S and Type 4 carb bodies, so if you find a pair of these they are worth good money now to a 2000GT owner who wants to go original. These look externally like the other Type 2's (44) and similar to the 50mm version, but obviously smaller.
