The Millionaire Next Door formula multiplies your age times your pretax annual income divided by 10 to get your expected net worth—this excludes inheritances. You are wealthy if your net worth is twice as large as your expected net worth. Discover more on how to calculate your net worth using The Millionaire Next Door formula.

How To Become A Millionaire (It's Simpler Than You Think!)

Lesson 1: All habits are based on a four-step pattern, which consists of cue, craving, response, and reward. In 1776, Adam Smith laid the foundation of modern economics in his magnum opus, *The Wealth of Nations*. One of his most famous observations is that, in a free market system, all workers naturally maximize their own society's welfare, even if merely acting in their own best interest:
