Mimic And The Space Engineer

Mimic and the Space Engineer is a cute & fun read. A first in a brand new series, this book is a nice quick read for the person who doesn't have a lot of spare time. I had fun joining in on this adventure. I will be happily awaiting book two! Higgens is enjoying his new job aboard a space mining vessel.

write another post about space combat. This
post, like the last one about combat,
definitely strays from realism, assuming in
this case, direct line of sight is the only
means of detection.

Artificial gravity (sometimes referred to as pseudogravity) is the creation of an inertial force that mimics the effects of a gravitational force, usually by rotation. Artificial gravity, or rotational gravity, is thus the appearance of a centrifugal force in a rotating frame of reference (the transmission of centripetal acceleration via normal force in the non-rotating frame of reference), as ...
