case, let's go with "Alice in Wonderland" since it's a well-known book, and there's probably a free eBook or two for this title. The original work is in the public domain, so most of the variations are just with formatting and the number of illustrations included in the work. However, you might also run into several copies for sale, as reformatting the print copy into an eBook still took some work. Some of your search results may also be related works with the same title.

U.S. appeals court says CFPB funding is unconstitutional - Protocol

The D750 is Nikon's third full-frame DSLR this year, and for a lot of our readers, it might be the most significant. Sitting between the more affordable D610 and the pro-grade, high-resolution D810, the D750 borrows elements from both cameras. Impressively though - with the exception of its 24 megapixel sensor - the D750's build quality, ergonomics and feature set have much more in common with ...

The bokeh hood really cuts down the amount of light entering your camera so increasing your ISO to 800 or more really helps. Because the hood is so close to the lens any small movement can create blur. A tripod is good to use and the in-camera self-timer mode also helps avoid camera shake. Set your camera to AV (aperture value) or M (manual).
