Mister Seahorse by Eric Carle is a very colorful story that introduces children to "male mothers" who are left responsible to care for the eggs. It's super colorful like other Carle books, but what we loved most about it was the intermittent clear pages that cover and hide other fish. Children will love the discoveries they find underneath.

One of my favorite children's fiction books is Mister Seahorse by Eric Carle. This is a story about a father seahorse that cares the eggs that the mother seahorse just laid.

He carries the eggs around in his pouch.

While he is waiting for his eggs to hatch, he travels through the sea meeting other father fish that are caring for their eggs also.
