This is a good example of how ontological and epistemic reduction can yield strikingly different answers. A biologist using a higher level feature at an earlier time to explain a lower level feature at a later time (a non-reductionist explanation by the criterion of temporality) is not denying that this higher level feature is composed of lower ...

Here we go again: Jerry Coyne is flogging another dead dichotomous horse.All it takes is for anyone to say that sex isn't binary, and he charges in over all those people who demonstrate that it really isn't so simple to say it is too! Now it's the NY Times, which published an op-ed titled, The Maternal Instinct is a Myth that Men Created.Dr Coyne is not alone — it set the racist and ...
