soma.” Dr. Pert ’ s research provides scientific evidence that a biochemical basis for awareness and consciousness exists, that the mind and body are indeed one

The Research of Candace Pert -
Equilibrium Energy

Molecules of Emotion: Why you feel the way you feel Scribner, 1997 A participant in the discovery of the brain's opiate receptors in the early '70s and an expert on neuropeptides, Pert describes how the immune and neurological systems communicate with each other through these biochemical messengers, thus demonstrating the mind-body connection, or "bodymind" as Pert terms it.
