Significant Figures - Addition Subtraction Multiplication Division & Scientific Notation Sig Figs - Duration: 45:37. The Organic Chemistry Tutor 295,949 views. 45:37.

Multiplying with Scientific Notation - dummies

Multiply and Divide with Scientific Notation Mississippi Standard: Multiply and divide numbers written in scientific notation. You can use scientific notation to simplify

Read Book Multiplying And Dividing Scientific Notation Questions Answers

computations with very large and/or very small numbers. To multiply numbers in scientific notation, regroup to multiply the factors and multiply the powers of ten. Then simplify.

Scientific Notation: Multiplication and Division

To multiply numbers in scientific notation when the exponents are negative, follow the same rules as simple multiplication. First, multiply the coefficients and then add the exponents. When adding the exponents, use the rules of addition for negative numbers. For example, $(3 \times 10^{-4}) (3 \times 10^{-3}) = 9.0 \times 10^{-7}$.

How to Multiply and Divide in Scientific Notation - dummies

Practice: Multiplying & dividing in scientific notation. This is the currently selected item. Multiplying & dividing in scientific notation .
