Music Africa Nketia J H

Folk music is a music genre that includes traditional folk music and the contemporary genre that evolved from the former during the 20th-century folk revival. Some types of folk music may be categorized as traditional folk music. Traditional folk music has been defined in several ways: as music transmitted orally, music with unknown composers, music that is played on traditional instruments, music about cultural

Folk music - Wikipedia

African music - African music - Musical structure: In Africa it is unrealistic to separate music from dance or from bodily movement. In Europe the body tends to be used as a single block, while in American dance it seems to be "polycentric"—that is, split into several independent body areas or "centres." Likewise, the playing of African musical instruments ...
