Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

First, it's too bad that the NAD 312 is discontinued now. I'm using this integrated amplifier in a computer-based near-field (I'm 3 feet away from the speakers) desktop listening system. Although I wouldn't describe the sound as "warm" as other reviewers have, I do know the sonic character that they're talking about with regards to the NAD ...
