13 user reviews on Nagra ARES M. Personally I do not agree with some about the test: I think that Nagra has completely missed its entry into the digital age (see my opinion on the ares ares C and P on this site): I just tried the ARES M, preamp not live up to the mark that we were accustomed to the must when it came to analog (IV-S, E. .), there are other products half the price with best ...
